### **UNFINISHED BUSINESS**

#### **Discussion Regarding Ex-Officio Status of Board President at Committee Meetings**

The Board continued their discussion regarding ex-officio status of the Board president attending committee meetings. Dr. Zickafoose expressed her opinion regarding the recommended changes. After a lengthy discussion, the matter was closed with no change in current practice.

The Board observed a brief recess from 9:50 a.m. until 10:00 a.m.

### **COMMITTEE REPORTS**

#### **APRN Committee**

Dr. Williams advised the Board that the APRN Committee met on May 15, 2017 and discussed rules and regulations. The Committee discussed the practice definition for APRNs. It is the NCSBN's, and it is the Committee's position to keep the definition broad. The Board reviewed and approved ten applications for independent practice. To date, 35 APRNs have been granted independent practice.

The Committee discussed Senate Bill 63. The Committee amended SB 63, in attempt to provide clarification in and around the language for APRNs.

The Committee is scheduled to meet on July 17, 2017 at 4:30 p.m.

Dr. Zickafoose inquired if the Committee has discussed primary care and acute care designations for areas of practice. Dr. Williams advised that the distinction between primary care and acute care has been a common thread of discussion at the national level, but AANP did not recommend a distinction at a national level.

### **PRESIDENT'S REPORT**

Ms. Tyranski participated in the President's conference call with NCSBN. She provided the Board with an overview of some of the work that NCSBN lobbyists are currently lobbying for, such as Title 8 and telehealth bills. NCSBN is now supportive of the Veterans Administration Act. SAMSHA received a significant grant for recovery initiatives in an attempt to address the opioid issue within the United States. The United States has been ranked 35 by the World Health Organization in terms of access to primary care and appropriate utilization of primary care. Ms. Tyranski reminded Board members that the election of officers will be held during the meeting, and she offered to collaborate and support the transition of new officers.

### **EXECUTIVE DIRECTOR'S REPORT**

Mr. Mangler advised the Board that NCSBN has scheduled a last minute meeting relative to enhanced Nurse License Compact (eNLC). The meeting is scheduled for June 29 – 30, 2017, and the intent of the meeting is discuss issues that have come up relative to enacting and establishing centralized governing regulations and forming that group. Mr. Mangler reported that 23 states have enacted the eNLC.

CGFNS International, the organization that evaluates foreign educational programs and applicants for licensure, reported that they are changing the structure of one of the evaluation reports that the Board utilizes. The revised report will contain more information than is currently provided.

An RN in the State of Delaware was convicted and placed on probation for inappropriate access and use of patient level information from the Prescription Monitoring Program.

The Division of Professional Regulation will be going "greener" with communications to licensees, regardless of the profession. In upcoming months, licensees will be receiving a postcard encouraging them to make sure that the Division has a current email address on file, as they will no longer be receiving notifications in the mail. This will reduce costs and the Division's carbon footprint.

Mr. Mangler advised the Board that the Division of Professional Regulation, like the vast majority of other State entities, remains under a hiring freeze. The Executive Director position is included. The effect of the freeze has had an impact on our ability to re-fill other positions at the Division that have been affected recently by retirements and resignations. One significant impact is that the Division is down 25% of investigative staff. Until the hiring freeze is lifted, the vacant positions cannot be filled.

Mr. Mangler will be requesting financial assistance from NCSBN, to reconfigure the NCSBN export to include a significant number of fields, to satisfy the reporting requirements for the eNLC.

The Board observed a brief recess from 10:00 a.m. until 10:12 a.m.
