REVIEW OF MINUTES
A motion was made by Mr. Shanehsaz and seconded by Mr. Juliano to approve the meeting minutes with corrections for April 18, 2018. The motion unanimously carried.

UNFINISHED BUSINESS
Review of statutory revisions for Subchapter II - the committee continued its review of subchapter 2 and completed their review. The committee will continue reviewing the statute and providing proposed changes as they continue to review subchapters of the statute.

Mr. Christ stated currently there is no formal process for reinstatement for pharmacist. Current statute has no expiration of required examinations or requirements for reinstatement of a lapsed license. Ms. Mast stated that the Board of Cosmetology has reinstatement requirements broken into 2 categories. The categories are broken out by the number of years the license is lapsed and the requirements to reinstate are based on that. The committee discussed the requirements for a license that has lapsed for 4 years or less. The requirements for this category were suggested to be an application, fee, criminal history report, and 30 continuing education

credits received in the previous two years of the reinstatement application. The committee discussed the requirements for a license that has lapsed more than 4 years. The requirements for this category were suggested to be an application, fee, criminal history report, 30 continuing education credits received in the previous two years of the reinstatement application and the retaking and passing the MPJE examination.

Mr. Christ stated there is also no formal process for the reactivation of an inactive license of over 4 years. The committee suggested that the requirements for this category were suggested to be an application, fee, criminal history report, 30 continuing education credits received in the previous two years of the reactivation application and the retaking and passing the MPJE examination.

The committee also requested that the following statutes be stricken altogether §2513 and §2520, these statutes are no longer applicable.

NEW BUSINESS

Review of Pharmacist Continuing Education ACPE Approved Courses – the committee asked that the last sentence of regulation 1.5.5 be stricken. The committee is suggesting that only ACPE approved courses be approved for continuing education for individuals.

Non-Resident Pharmacy, Non-Dispensing Data Center Licensure Requirements – the committee tabled this item until the next meeting. The motion unanimously carried.

Review of Pharmacist Suspension and Reactivation Process - the committee tabled this item until the next meeting. The motion unanimously carried.

Prescription Requirements - Indication - Mr. Shanehsaz will take this proposed changes to the Board of Medical Licensure and Discipline for discussion.
