I. MINUTES – 8/7/19

The minutes from August 7, 2019 were approved.

II. CPAC DASHBOARD – PROGRESS ON TABLEAU DASHBOARD

It was discussed that Brittany, Rosie, and Jen Sieminski attended a Tableau training hosted by Tableau at the University of Delaware on November 5th, 2019. This training allowed for a greater understanding of the system and provided some ideas for moving forward with Delaware's data.

Brittany showed the committee some examples of existing Tableau data sets and related those to how we might expect the future CPAC dashboard to look. The committee saw examples of interactive maps, bar charts, line graphs, and more.

III. NEXT STEPS

The initial effort to transfer all of the data into Tableau and to format it properly has been very time consuming. As such, the committee determined that a staggered implementation model will be utilized. Different areas of the dashboard will be completed and brought back to the committee for approval throughout the next year. A projected timeline for presentation to the committee:

- Caseloads (Dashboard 1.0) – February 5th, 2020
- Hotlines (charts 2.11 and 2.12) – February 5th, 2020
- Child Abuse Processing charts (the remainder of Dashboard 2.0) – February 5th, 2020 or May 13, 2020
- Infant Safe Sleeping data (new charts from CDRC) – February 5th, 2020 or May 13th, 2020
